OEM Wood Grain PVC Film Thickness 0.1mm-0.5mm For Furniture Decoration Vacuum Press

Product Description:

Our PVC foil is composed mainly of polyvinyl chloride (PVC), a synthetic plastic known for its exceptional strength, flexibility, and ease of processing. This makes it an ideal material for various applications.

We take pride in our diverse selection of pvc foil colors, patterns, and textures. Not only can it mimic the appearance of real materials such as wood, stone, fabric, and metal, but it also maintains a premium look while being more budget-friendly.

Our foil is adaptable to a wide range of surfaces, including walls, doors, cabinets, and furniture. It can effectively enhance the look of any interior space.

Renowned for its strength and resistance to deterioration, Realsun Deco PVC foil is highly durable, making it a popular choice for high-traffic areas.

Once installed, our pvc foil requires minimal maintenance. A simple wipe down with a wet cloth once a week is all it takes to keep it looking like new.

One of the key advantages of pvc decorative foil is its affordability compared to natural materials. It enables the creation of sophisticated aesthetics without the associated high costs.

Manufacturers provide a wide variety of styles and finishes for pvc foil, making it easy to modify and customize based on project requirements and personal design preferences.

PVC foil is a popular choice for wall paneling, furniture surfaces, retail displays, interior doors, and kitchen and bathroom cabinets, among other uses in both residential and commercial settings.

Features:

Product Name: Wood Grain PVC Film

Length: 100m-400m

MOQ: 3000m/model

Packing: Pack In Roll With Foam Sheet, Kraft Paper And Plastic Sheet

Payment Term: T/T, L/C, Western Union, Etc.

Thickness: 0.1mm-0.5mm

Wood grain pattern for a natural and realistic look

Suitable for furniture, MDF, cabinets, doors, and decoration purposes

Easy to install and maintain

Variety of colors and patterns available

Customizable length and thickness according to customer's needs

Provides protection against scratches and stains

Environmentally friendly and non-toxic

Applications:

Different Processes for Different Applications:

1. Membrane Press (Vacuum Press)

Thickness: 0.20-0.50mm

Width: 1260mm, 1400mm

Length: 100-300m/roll

This process is suitable for covering MDF, particleboard, wooden board, fiberboard, and other materials used in the production of doors, kitchen cabinets, wardrobes, furniture, etc. The covering is done using an embossed board and can cover five surfaces simultaneously.

2. Wrapping Profiles

Thickness: 0.12-0.18mm

Width: 40-1260mm

Length: 300-800m/roll

This process is used to cover various profiles, including wood profiles, aluminum profiles, PVC profiles, etc. It is commonly used for door frames, window sills, base channels, PVC ceilings, and other applications.

3. Cold Laminating

Thickness: 0.12-0.20mm

Width: 1240-1260mm

Length: 300-500m/roll

This process is ideal for covering flat panels, such as wood panels, steel panels, aluminum panels, PVC panels, etc. It is commonly used for doors and furniture.

4. Hot Laminating

Thickness: 0.16-0.30mm

Width: 1260mm

Length: 200-300m/roll

During this process, PVC panels, steel panels, aluminum panels are covered, making them suitable for use in doors, skirting, and other applications.

5. Self-Adhesive

Thickness: 0.10-0.20mm

Width: 600mm/1220mm

Length: 5-50m/roll

This process involves a self-adhesive covering that can be applied to any smooth surface, making it perfect for use in furniture and indoor decorations.

Packing and Shipping:

Packaging and Shipping

Packaging

Our Wood Grain PVC Film is carefully packed to ensure that it arrives at your doorstep in perfect condition.

Each roll of film is first wrapped in plastic to protect it from moisture and dust.

We also offer customized packaging options, such as printing your company logo on the labels for easy identification.

Shipping

We offer worldwide shipping for our Wood Grain PVC Film.

For small orders, we use express shipping services such as DHL, FedEx, or UPS. This ensures fast and efficient delivery to your chosen destination.

For larger orders, we use sea or air freight to save on shipping costs. Our team will carefully plan the shipping route and provide you with regular updates on the status of your shipment.

Customs clearance and documentation will be handled by our experienced team to ensure a smooth delivery process.

Please contact us for more information on shipping options and costs.
